“Framework for Regional Cooperation in Arbitration”

This conference is an annual event undertaken by the respective members of the Regional Arbitral Institutes Forum (RAIF) with the Conference rotating among member states annually.

This year the event is hosted by the Institute of Arbitrators and Mediators of Australia (IAMA) This conference provides a forum for all to share their experience and knowledge.

This conference is further aimed at providing participants with a perspective in relation to contemporary topics significant to the industry from the perspective of each member country.
